The following are the terms and conditions of the agreement you have with:

Pro Ace Heating and Air conditioning Ltd

As a contractor you will be responsible for all Taxes, WCB, CPP and EI, Therefore, you have to report your income to Canada Revenue Agency. Pro Ace will be reporting your income as an expense to CRA. Two weeks notice prior resignation/termination from both parties.

As a contractor:

- Provide us with your GST Number
- Use of own tools
- Provide us with your WCB Number
- Retain the right over the use your equipment and tools
- You have the discretion of when you want to work and what days
- Work without supervision; will be responsible for damages
- Will be liable for the quality of your work; If there are complaints or issues with the quality of your work . It will be your responsibility to rectify and fix the problem, you will have to redo job without compensation
- You have to provide us with your company invoice for payments

**Pro Ace Heating and Air Conditioning Ltd.** will be lending you the following:

They have to be returned in the same condition as borrowed. You will be responsible for cost of repair or replacement excluding normal wear over time.

- Vehicle (for company use only). You will be the principle operator and in the case of an accident; will be responsible for paying the deductible if deemed at fault.
- Printer
- Portable credit/debit machine

**Scope of your work:** Service, Installation and repair of residential/commercial heating and cooling (HVAC) systems.

Service:

1. You must complete the service list for each service call by answering our online questions.
2. Fifteen minutes prior leaving the customers place you must call the office and report the work and all up-sold items.
3. Note all details.
4. Put a service sticker with your name and date of servicing and next servicing.
5. Minimum 45 minutes per service job.

Installation:

1. Confirm the work before installation.
2. Take pictures before and after each installation.
3. For pictures after each job, take a minimum of 3 pictures.
  - a. for the venting
  - b. for installation
  - b. for drainage
4. All your installations must be up to code and to the manufacturers specs.
5. You will be responsible for the quality of the work and must attend to fix if there are any concerns/complaints and/or permit failure.
6. You are responsible for repairs and the costs if there is a complaint of your doing regardless if you send another technician. The office will then notify you of the charges.

Repair:

1. You must be able to do proper diagnoses before any repair has been done.
2. Always obtain a second opinion from our staff if you are not sure what the problem is before approaching the customer.
3. Never mention unsure repairs and diagnoses to customers.
4. You are responsible for repairs and the costs if there is a complaint of your doing, regardless if you send another technician. The office will then notify you of the charges.
